Speaker Biography

Pamela Longmire, RT, BAS, CDP, PAC
Quality Improvement Specialist
Healthcare Consultant

Pamela is the Lead Nursing Home Quality Improvement Specialist in Montana. She has over 30 years' experience in health care.

Her qualifications include being a certified Positive Approach to Care trainer, Certified Dementia Practitioner and a Certified Alzheimer's Disease and Dementia Care Trainer®. Pamela combines her training and experience with validation methods to bring internationally recognized skills to those providing care in Montana.

Pamela's passion is improving the lives of residents living in care homes as well as those receiving home based care. Her training success is attributed to her keeping current in education; researching established innovative methods from all over the world and hands-on teaching of best practices. Pamela's trainings and effective tools assist care-partners in delivering high quality, person-centered care. Having lost her father to dementia, Pamela has a strong personal interest in connecting with individuals with this challenge. She is an avid proponent of culture change, educating and empowering staff, quality improvement and sustainability.
